

# IHSS Registry Caregivers Needed

**Do you have time in your schedule to provide care for those who have no one to care for them?**

When a Recipient of IHSS is unable to find their own care provider, the IHSS Provider Registry can help. The IHSS Registry is a list of screened and trained Care Providers willing to work for these Recipients.

## Job Duties:

Caregivers assist the elderly and dependent adults with a number of daily activities such as personal care tasks, household chores and accompaniment to doctors appointments.

## Requirements:

Completion of a background check and attendance at Caregiver training class is required before we can refer you to our Recipients.

## Other Information:

Caregivers are paid \$14.50 per hour. During the application process, you can specify the cities you would like to work in, and the amount of hours you are available to work. The hours are flexible, and you can arrange your own schedule with your IHSS clients.

## How to Apply:

Contact **Link2Care**, the Public Authority at **558-1650** for more information about applying to be a registry caregiver.

3500 Coffee Road, Suite 19
